This Step-by-Step guide sets itself a pretty daunting task - to reduce something with the complexity of Microsoft Access 2007 and provide a practical, hands-on and informative introduction for a beginner. Under the circumstances it gets most of this right, with a few frustrations along the way. In 10 well-sized chapters Joan Lambert covers most of the basics that an Access novice will need to be able to get a good understanding of this product, doing so with plenty of examples that are ...
