What the Dog Saw and Other Adventures by Malcolm Gladwell, in audio form, is read by the author, which always contributes to the enjoyment of his essays. This is a compilation of essays written for The New Yorker over a period of ten years. And as usual, a Gladwell book is always food for thought. He covers a broad spectrum of ideas: people we remember, others we've never heard about, bits of this and that, all of it so informative. His interest in almost everything is passed on to his readers.

For this month's column I have chosen his fourth book, What the Dog Saw: And Other Adventures. This is a collection of his favorite articles from The New Yorker since he joined the magazine as a staff writer in 1996. Also in the Business Book Club: The Leadership Secrets of Attila the Hun by Wess Roberts, Ph.D. As an anthology, the book covers a myriad of topics seemingly unrelated other ...

? Malcolm Gladwell, quote from What the Dog Saw and Other Adventures "In teaching, the implications are even more profound. They suggest that we shouldn't be raising standards. We should be lowering them, because there is no point in raising standards if standards don't track with what we care about. Teaching should be open to anyone with a pulse and a college degree — and teachers ...
